

ABSTRACT

Highways Department-Construction and Maintenance Wing – Road Safety – Junction Improvement – Administrative Sanction– Accorded –Orders – Issued.

Highways & Minor Ports (EAP-I(2)) Department

G.O.(Ms) No. 09

Dated: 24.01.2024

சோபகிருது, தை-10, திருவள்ளுவராண்டு2055

Read:-

From the Chief Engineer (Construction and Maintenance),
Highways Department, Chennai Letter No.7512/Thittam /
2023 dated 20.11.2023.

ORDER:-

In the letter read above, the Chief Engineer (Construction and Maintenance), Highways Department has submitted a detailed proposal for improvements to junctions as measures for road safety. He stated that the Highways department maintains 66,382 km length of roads. The Government of Tamil Nadu has taken various initiatives to reduce the road accidents as per the guidance of the Supreme Court Committee for Road accidents and has implemented various measures to improve the safety aspects to reduce the severity of such accidents.

2. Instructions have been issued to the field level officers to identify such accident-prone junctions on Highway roads. Accident prone junction, requiring engineering measures, have been analyzed based on the last three-year accident data. 104 Nos of Junction Improvement measures have been recommended by the Road Safety wing. Out of which, 12 Nos of works have been taken up under CRIDP2023-24. On further study of the feasibility of the junction improvement recommended by the Road Safety wing, 72 Nos of works are in need of immediate improvements at a cost of Rs.11026.00 lakh.

3. Road Safety works are being taken up under CRIDP scheme as well as under Road Safety fund so far. During the Year 2022-23 &2023-24, no sanction has been accorded under Road Safety fund. However, road safety works are being sanctioned under CRIDP every year.

4. The Chief Engineer (Construction and Maintenance), Highways Department has further stated that the works are included based on site requirements and necessity. Some works might require change in nomenclature, length and also change in scope without altering the sanctioned administrative cost at the time of according technical

sanction. In some cases, Land Acquisition might be necessitated in works involving geometric improvements and necessary provision is included in the proposed estimate cost. Hence he has requested orders of the Government (i) to initiate land acquisition process even for works which do not specifically mention Land Acquisition in the nomenclature of works (ii) permission for change in nomenclature of works, split/deletion/ substitution of works if any, since no additional financial commitment will be involved for these works and (iii) to accord Administrative Sanction for the Junction Improvements proposal for 72 Nos of works at a cost of Rs.11026.00/- lakh (Rupees One Hundred and Ten Crores and Twenty Six Lakhs only) under Road Safety head.

5. The Government have examined and accepted the proposal of the Chief Engineer (Construction and Maintenance), Highways Department and accord administrative Sanction for a sum of Rs.11026.00/- lakh (Rupees One Hundred and Ten Crore and Twenty Six Lakhs only) for carrying out the 72number of works under the Road Safety Component under CRIDP as detailed in the annexure to this order. As there is hardly any time left for execution of works, expenditure on these works should be done only in the next Financial Year 2024 - 2025.

6. The Chief Engineer (Construction and Maintenance), Highways Department is directed to initiate land acquisition process even for works which do not specifically mention land acquisition in the nomenclature for the works indicated in the annexure. However, changes in the nomenclature of works, if any, without exceeding the administratively sanctioned cost of the work, shall be done only with prior approval of the Government in Highways & Minor Ports Department.

(By Order of the Governor)

Pradeep Yadav
Additional Chief Secretary to Government
